

**NATIONAL  
FERAL PIG  
ACTION PLAN**

**NATIONAL STAKEHOLDER FORUM**

MONDAY 5 JULY 2021

## **Welcome & Introduction**

Ricky Archer, Chair

## THE PLAN AND ITS PRINCIPLES

### Vision

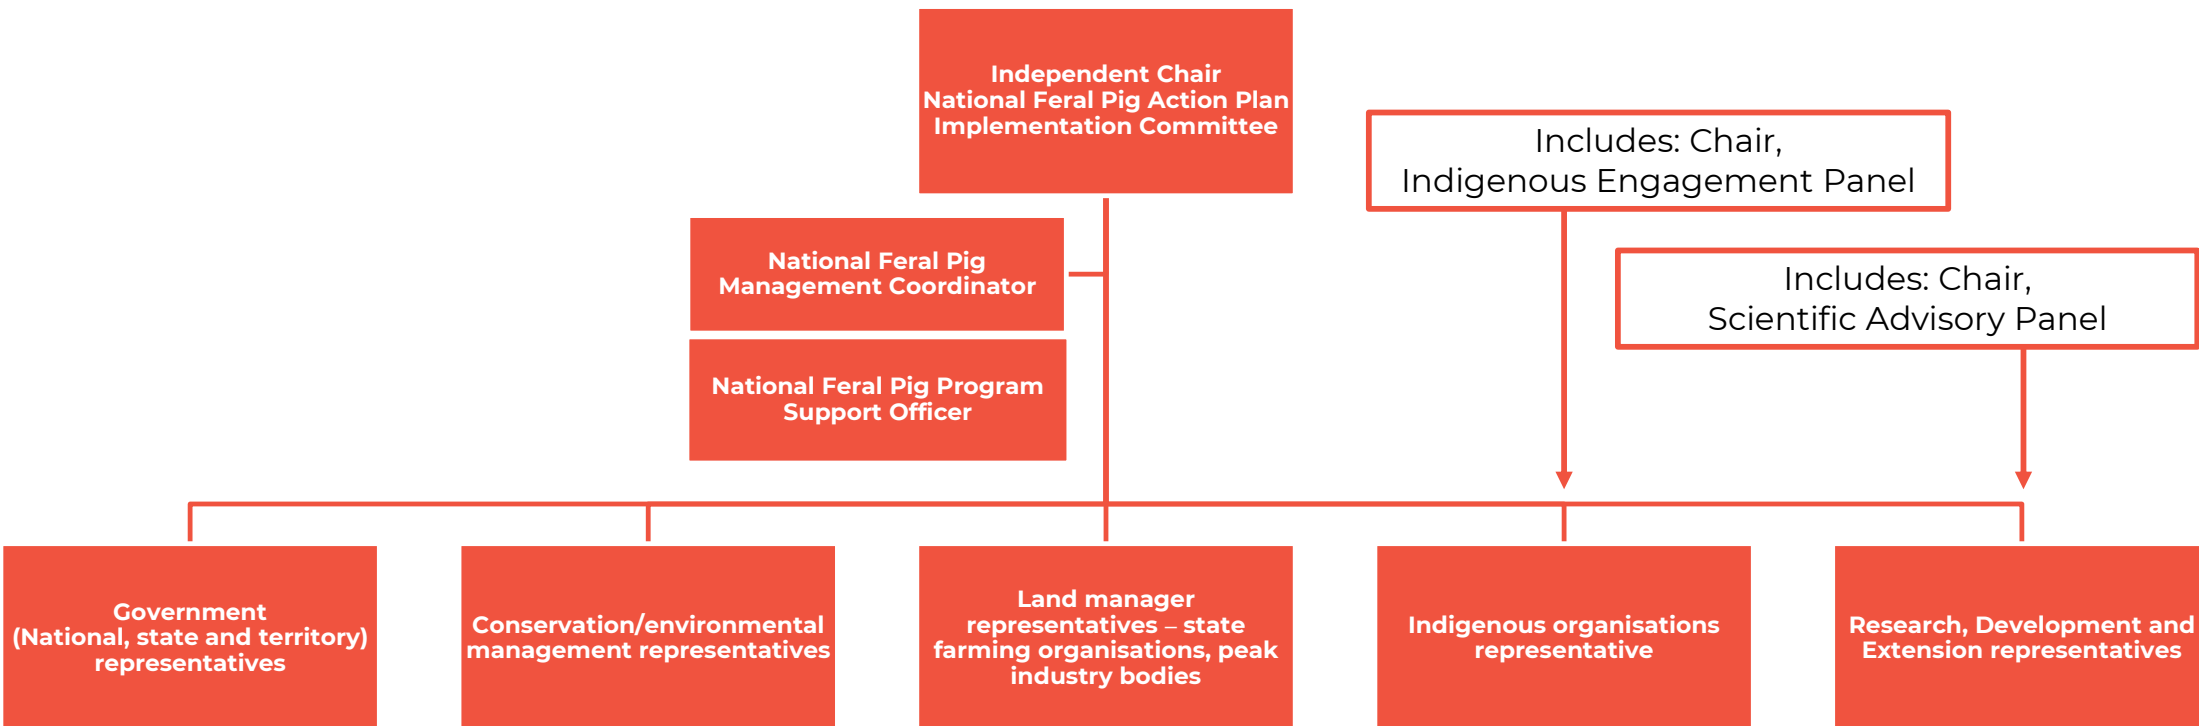

To actively suppress, or eradicate (where feasible), feral pig populations to reduce their impacts on Australia's environmental, agricultural, cultural and social assets

### Three strategic goals

1. Effective leadership, coordinated partnerships and strong governance
2. Community engagement and education
3. Increased adoption of best practice methods and systems by land managers

# Leadership and strategic coordination

# What differences will the Plan make?

1. Provides a framework for co-ordination and collaboration between all stakeholders
2. Promotes working together, linkages with current activities and identifying new opportunities
3. Drives effective integrated best practice management by land managers
4. Supports sustained actions and investment
